

**Association of Contingency Planners
DC Chapter
October 4th Meeting**

SPEAKER:

Ralph Petti MBCI, CBCP
*Senior Consultant, President,
RP Risk Advisors*

TOPIC:

The Impact of a Nuclear Incident in Your Area

[Click Here To Register For This Event!](#)

Topic Overview: This session will focus on the newly and rapidly growing area of concern of the impact of nuclear events that could affect a given area. From the occurrence of the March 11, 2011 Fukushima, Japan incident to the recent tremors affecting the North Anna, VA nuclear plant, nuclear incidents, and the possibility of nuclear terrorism, there is now an even greater risk that needs to be considered. During this session, we will discuss the risk factors, the potential outcomes, misconceptions and thought processes that may impact your organization. With recent Radiological Awareness events within the Commonwealth of Virginia, in Howard County, Va and in several other contiguous states, as well as nationally, this subject is coming to the forefront of our industry. Come learn what is being done in the Commonwealth of Virginia and the other neighboring states as you are

invited to share your ideas and thoughts so that we can all benefit.

Presenter Bio:

Ralph Petti is a certified senior consultant and president of RP Risk Advisors, LLC, an international risk management and business continuity services organization. He is a Member of the Business Continuity Institute (MBCI) headquartered in London and is a Certified Business Continuity Professional (CBCP) with DRII in the United States.

Ralph also partners in the Mid-Atlantic area with Continuity First, Inc. and serves as a managing director and senior consultant for that Virginia-based firm with a global client base. In 2011, Ralph was named to serve on a committee supporting the Association of Contingency Planners (ACP) with regards to their marketing and public relations efforts.

With 25 years of experience in this industry, Mr. Petti was recognized by Sen. Mary Landrieu (D-LA) for his services provided to the Gulf Region during the past four years since the devastation of Hurricane Katrina. He was a Project Leader of the Continuity Cares activities in New Orleans working with “Rebuilding Together New Orleans” and continues to provide volunteer services with The American Red Cross as well as with The American Cancer Society, where he has served as Chair for Relay For Life events.

A former vice president with Comdisco, Sungard and Veritas, he currently serves on the Chapter Executive Boards of the Association of Contingency Planners (ACP), the Contingency Planning Exchange (CPE), the American Association of Industrial Security (ISSA) and the Mid-Atlantic Disaster Recovery Association (MADRA). He is also an Infragard (government security) member and a member of SHRM (Society of Human Resource Management). He is also a two-time MVP for the ACP chapters in Hartford and Philadelphia.

In addition to the traditional aspects of risk management planning, Mr. Petti is currently focused on the areas of Human Resources, Personal Recovery Planning and the use of Biometrics for BC/DR applications, as well as the inception of Human Resources and Social Networking considerations developing our industry.

Mr. Petti has also consulted for The City of Philadelphia and is conducting work at the state and local levels of nine northeastern states and the federal government. He is a resident of Virginia and New Jersey and maintains additional offices in PA, DE and CT and has traveled nationally, as well as to London, to conduct his speaking engagements.

Ralph can be reached at 908.310.6381 or at Ralph.Petti@RPRiskAdvisors.com
